The Pacific Life Foundation has a demonstrated record of making positive societal change through its grant making programs. This Foundation holds a commitment to help become the Founding Presenting Sponsor of the Ocean Health Index as it has the potential to integrate scientific research, best practices, and positive steps to improve marine ecosystems and protect the health of the global ocean, as well as the health of more than 100,000 people and local economies. We hope that the tools provided through the Index will enable and inspire our partners to improve ocean governance and health.

Established in 1961 and headquartered in Newport Beach, CA, the Pacific Life Foundation & the philanthropic giving arm of Pacific Life Insurance Company and, during that time, has contributed over $100 million in donations to thousands of nonprofits.

**FOUNDING GRANT**

Doris and Ronald Whigley generously provided the Founding Grant to the Ocean Health Index. Mr. and Mrs. Whigley brought together the best of both worlds: the vision and marine conservation. They were early adopters of the Index’ health-index concept and continue its development through their leadership of the Ocean Health Index.

Since 2011, Mr. and Mrs. Whigley have provided critical support and leadership to the project. Mr. Whigley is a Board member of Conservation International, on what of the Ocean Health Council, the former Chairman and CEO of the Whigley Whigley Jr. Company, and an award-winning donor.
